# WELCOME

## *The Fladeland Family of 7F Charolais*

## *The Bina Family of Bina Charolais*

On behalf of all of us at Bina Charolais, we are proud to welcome you to the 1st Annual 7F Charolais Powerhouse Bull Sale. When the decision was made to sell the white herd and retain the red herd, we were honored that the Fladeland family invited us to be guest consignors for this event.

The bulls we are offering have been selected with the same focus we have held for the past 31 years – soundness, structure and muscle. The heifers included in the sale come straight from the replacement pen, representing the kind of females we build our program around. Our commitment to producing high quality Charolais cattle remains unchanged.

There has never been a better time to be in the cattle business. We invite you to take a close look at the Red Charolais bulls and heifers we have on offer. Give us a call – we'd love to talk cattle with you – or stop by the farm to see the stock for yourself.

### SALE DAY LUNCH

Lunch will be provided.

### BULL VIEWING

7F and Bina cattle will be on display at Jamestown Livestock, Jamestown, ND, starting on Feb. 16.

We are happy to welcome you to our barn to view the 7F bulls before the sale. We are located 8 miles south of Stanley, ND. The coffee is always on.

You can view Bina bulls and heifers at their farm: 11168 60th St. NE, Lawton, ND.

### GUARANTEE

Bulls will be tested upon delivery. Bulls will be sold guaranteed.

### BULL KEEP & DELIVERY

Free delivery up to 500 miles. Delivery of bulls will begin April 1. Bulls will be kept free of charge until April 1, at the buyer's risk.

### SEMEN INTEREST

7F Charolais reserves one-third revenue-sharing interest in every bull. Collection will take place at seller's expense and at buyer's convenience.

### ONLINE VIDEOS & BIDDING

Live online bidding and videos available on DVAuction.com. Please register early.

Welcome to the First Annual 7F Charolais Bull Sale!

This sale marks an important transition. We purchased a majority of the Bina Charolais cow herd and we are now carrying on their genetics and program. To the longtime Bina Charolais customers – thank you for the trust you've placed in these cattle over the years. And to those new to 7F Charolais – welcome. We're glad you found us and hope this is the start of a long relationship.

7F Charolais proudly carries forward the legacy built by Bina Charolais. While the name may be new, the foundation remains the same: cattle raised with purpose, backed by proven genetics and supported by people who stand behind what we sell.

Our program is built around the fundamentals that matter most – sound structure, good disposition, strong mothering ability and fertility. We believe cattle should be sensible, durable and easy to manage. These Charolais are designed to be hardy, resilient and adaptable, capable of working in a wide range of environments. Built on family values and customer trust, 7F Charolais delivers practical, performance-driven cattle designed for longevity. We're proud of this set of bulls and confident in what they can add to your operation.

You're welcome to stop in at our barn 8 miles south of Stanley – the coffee is always on. If you have questions, please call Casey Fladeland at 701-590-5866.

Thank you for being part of the next chapter at 7F Charolais.

When we sold the white herd we had a few older cows that we didn't sell and were AI'd early so we calved them out. We will be offering three white bulls in the sale and I don't think you will be disappointed in any of them. 5001 is a big-framed, powerhouse bull built for performance and growth. He combines size, muscle and structure to add pounds and strength to any herd. A true herd bull with the presence and capacity every cattleman values.

Another Night Vision heifer that puts it all together power, style and correctness. Not only does she have the look, but she has the pedigree to back her up with Jacks Foundation and Tri-N-Creamsicle 850F that we sold to Wild Indian Acres and Sellhorst Charolais for \$19,500. She could be putting all the right things in your herd.

Out of one of our great donor cows, LVB Miss Red Wolf 8016, has done it again with this beautiful Night Vision heifer calf. This calf has it all style, soundness and a great pedigree to back her up. If you're looking to start in the red business or wanting to improve your red herd, take a look here!
